DEDICATION

Dedicated To God Almighty That Gives
Inspiration and Wisdom

Acknowledgement

Most times when God gives you a vision, it may not take the effort of only you to make that vision a reality. You will definitely require the support of others. That is why I own it as a debt to those God had used in one way or the other to make this material a reality.

Special thanks to the love of my life, my dear wife Ngobless Felicia for her moral and spiritual support during all the stages of this book, I love you dear.

Introduction

The quality of raw materials available for a manufacturer will determine the type of products he manufactures. Since you are created by God, that means God had used divine raw materials to manufacture you and so you cannot afford to fail.

You are created specially and sent by God to prefer solution to earth problems. God will not take easy with you if you fail to fulfill his purpose why he formed you. Your mind is the battle ground where you lose or win the battles of life.

In this book you will learn how put your mind to work and become more productive.

Importantly you will discover how to invest in your mind because when you refuse to invest in your mind, you develop wrong thoughts. Wrong thoughts gives birth to wrong attitude, wrong attitude gives birth to wrong believe, wrong believes exonerates lack of courage, you lack dedication to your assignments and you can't afford to fail because you are too loaded. God has deposited so much in you that you cannot afford to fail.

You need to understand that you are not an ordinary person, you are peculiar. You have access to the divine nature of God here on earth and the abilities of God are available to you.

You are created for the zenith, but it is only attainable by an effective use of your mind.

Chapter One
