DEDICATION

Dedicated To The Creator of the Universe,  
God Almighty The Giver of Inspiration  
and Wisdom

## **Acknowledgement**

Most times when God gives you a vision, it may not take the effort of only you to make that vision a reality. You will definitely require the support of others. That is why I own it as a debt to those God had used in one way or the other to make this material a reality.

Special thanks to the love of my life, my dear wife Ngobless Felicia for her moral and spiritual support during all the stages of this book, I love you dear.

## Introduction

**S**tarting from the book of genesis we can perceive the wisdom of God at work especially during all the stages of creation.

“The Lord by wisdom founded the earth; by understanding He established the heavens”

And when Jesus came, he manifested this same wisdom in the form of man.

It is a joy to behold that such a wisdom and knowledge is available for every human being today, especially the believers

Wisdom is not just knowledge, but “know how.” God’s wisdom enables Him to “know how” to do anything and the wisdom have been transferred to man.

We are experiencing a lot of difficulties in various areas of our lives and the society at large today because of what I termed absence of God’s divine wisdom. Even the economy of various nations is in menace because our so called leaders have refused to operate in God’s wisdom.

There can never be any solutions to various menaces our nations are facing until we begin to embrace the wisdom of God. We may be thinking the solution will come from various forums like G20 summit, African Finance Corporation or International Finance Corporation’s of this world but that assumption is inaccurate.

The major problem is that people value the things of this world more than the things of their creator.
